Our Lobby is Fully Open!

Did You Know...

...that Credit Unions are not-for-profit entities? While the CU has to make some profit in order to keep the lights on and pay our vendors, the main goal is to serve a community or group of people. This could mean lower loan rates or higher deposit rates or no fee accounts. Unlike banks, Credit Unions are not required to provide big portions of profits to shareholders and can offer smaller personal loans. Credit Unions started so that communities could pool their funds together and provide loans for those that need them, and that philosophy still holds true.

Looking for a new Side-By-Side? The Credit Union can be your co-pilot in financing the new UTV that you have been wanting. ATVs, trailers, motorcycles, tractors, and all other titled units as well.

To Our Valued Members,

As many of you already know, we have reopened our lobby for walk-in transactions. We are maintaining the recommended precautions like social distancing and limiting the amount of people allowed in the lobby at one time. We have placed plexiglass dividers at all face-to-face stations and have masks available to wear just inside that door if you would like.

That being said, we are still offering all the same great products and services and are open for business without any need for an appointment. We thank you for your great cooperation and patience during this time and look forward to seeing and serving you here at the Credit Union.

Thank you,
Chad Tyson
Manager

Be Sure to check our website for any updates to hours or availability during this pandemic. Be safe, be careful, and we will be here for anything that you may need.
